

TSSA Members “Make a Difference!”

**Shriners Hospitals
for Children™**

The great genius Albert Einstein is quoted as saying, *“Only a life lived for others is a life worthwhile.”*

The “Make a Difference campaign was designed to give TSSA member facilities the opportunity to participate in the annual fundraising efforts benefitting the Shriners Hospitals for Children. The starfish symbolizes the difference that just one person can make. We asked that members solicit \$1 donations for each starfish. It just takes a little extra effort to help others, and that’s exactly what some of our members have been doing. Featured here are some photos submitted by press time. **Tiffany Lenz**, of A-Lert Building Systems, helped to raise \$94 for the Starfish “Make a Difference!” campaign.

At the Amazing Spaces facilities, located near The Woodlands, and owned by TSSA board director **Kathy Tautenhahn**, they matched all donations from customers, to total \$120.

“Next year, we are hoping to create a way for donations to be made by credit card. Once we get this worked out, I know customer contributions will increase dramatically,” said **Jennifer Byrne**, who coordinated the effort.

“We really appreciate the opportunity to be involved in this project and are excited about more opportunities to come,” added Byrne.

Meanwhile **Kathy Buchanan**, of Allen Mini Storage in Port Arthur, worked to put together \$118 in donations, and **Lasharon Thompson** of Brenham Self Storage Center raised \$35.
